Own your brand without the marketplace fees

Marketplaces and other software builders can eat a chunk of your profits with their transaction fees. Let customers order directly from your website and apps and make big savings. Calculate those for yourself here:

Orders per week

50

Average order size

₹ 2500

Marketplace fees

% 15

Your savings

₹10308

Savings per week

₹44761

Savings per month

₹537136

Savings per year

Savings are calculated using an average listing fee, charge per order and payment fee, charged by the most popular marketplaces.

Trusted by the world's leading brands

How it works in 4 simple steps

1

Create your branded store

Choose the design, add your logo and promotional banners, and get ready to launch your branded store.

2

Showcase your products

Upload all your product information easily including descriptions, images, pricing, colours, sizes, quantity and more.

3

Prepare to go live

2 weeks after your kick-off call your website and app are ready to go live.

4

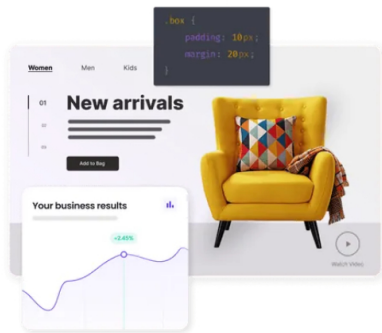

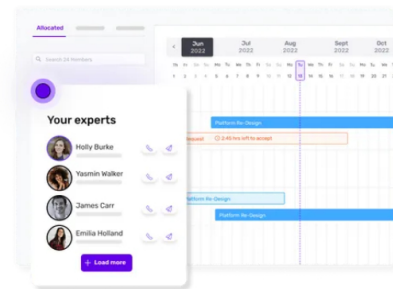

Grow your business

Our built-in support keeps your website and apps up to date with no fuss. Plus, you can scope and add features at any time.

Your customers won't wait - why should you?

Our best-in-class support team can help deliver your website and apps in just a few days. No tech knowledge required! Whether you're just starting out, have an existing business, or you're selling via a marketplace, we make it easy for you to take ownership of your brand online.

[Find out more >](#)

Set your business up for growth

Unlike online marketplaces and reseller websites, we give you full control over your code. You own all of your data, which means you can serve up tailored product recommendations or reward your customers for spreading the word about your business.
