## Here's what the market leaders talk about us

Surya Shashank  
Assistant Manager Customer  
Success - Niyo Solutions Pvt  
Ltd.

The locobuzz listening platform is incredibly powerful. A customizable dashboard helped me quickly visualize all my essential metrics. Locobuzz is a trustable place for new-generation digital customer experience management.

Vanshika Bharti  
Social Media Strategist -  
Happyeasygo

My experience with the DIY Dashboard was excellent. The features in the Dashboard are user-friendly. I feel relaxed because preparing and sending reports doesn't take much time. I have recommended it to many people.

Rajashri Mitra  
Brand Manager - Home first  
Finance

Great Experience. The objective of social listening, brand monitoring, and tracking competitors online was fulfilled when I connected to Locobuzz. I am worry-free now because I get automated daily updates of any mention without fail, allowing me to focus on different business objectives.
