Tournaments

## HOBSPACE REVIEWS

### ARNAV GUPTA

Winner of the first grand chess tournament

Arnav's mother: This was a very competitive tournament for the kids of his age. The entire process was streamlined. All the participants were very competitive and Arnav enjoyed the play very much.

## FAQS

### Who can attend HobSpace chess classes?

Any child in the age group of 5 to 14 years is eligible to enroll for the HobSpace chess course. Our chess classes begin with a simple assessment- to identify which level is the child fit to start learning the game. Kids learn rules & terminology, piece values, tactics, checkmates. They also play fortnightly tournaments and stand a chance to win exciting prizes! The child should have his/her personal device(laptop/desktop) to attend the LIVE online classes. At the moment, we do not provide the devices/infrastructure.

### Are HobSpace chess classes conducted LIVE online?

### How many levels are taught in HobSpace chess classes?

My child wants to learn chess from the basics. Is your demo-cum-assessment still relevant for him if he has no prior knowledge of chess?

### How can I book a free chess assessment class at HobSpace?

Is the assessment session FREE?

When will I receive information about my assessment class?

Why should my child learn chess at HobSpace? How is HobSpace different than other chess classes?

How many demo classes can my child attend?

What is the process after the demo-cum-assessment class?

What are the privacy steps followed by HobSpace for its classes?

I want to cancel my subscription. Is it possible?

Is my chess subscription auto-renewed?

Can I get a refund for my chess classes?

Why should my child start learning chess at a young age?
